I have experiences using NoSQL & or Document based db such as Mongodb, Firestore, And SQL based databases such as MYSQL, Postgres, Planet Scale db. I have used prehosted interfaces such as Appwrite, firebase and Supabase.

EXPERIENCE

Works as a Developer- *full stack*

JULY 2018 - PRESENT

In this journey of working as a full stack developer. I have learnt a lot about converting ideas into reality, both from the perspective of a designer and a developer. The below mentioned links are the examples of my works which are also designed and coded by me with or without collaborations. See all the projects **here**.

- **Highlighter** a browser extension for highlighting and storing the important stuff that you read online. *Vanilla js, React & Typescript.*
- **Pujan Pokharel** Freelance portfolio. *Svelte kit, Tailwind, cloudflare, Figma.*
- **Cattle Care** an android application for managing cattle inventory and data with useful information. *Figma, React Native, Express, Mongodb.*
- **Time Buddy**, an android application for time management. *Figma, React Native, Appwrite.*
- **FIFA WORLD CUP 2022**, a live score viewing mobile application and the winner of **not just dev** special award. *Figma, React Native.*

CoSoG Nepal, Kathmandu Nepal- *IT Head - Co-founder*

https://www.cosognepal.org - *Figma, Next js.*

DEC 2022 - PRESENT

- As a cofounder and IT head of the non-profit org I was responsible for laying all the Infrastructure down.
- Mainly responsible for creating the website for CoSoG Nepal.

ICT Club of KMGSS, Butwal Nepal- *Secretary - Founder*

https://ictkalika.tech/

JULY 2022 - MAY 2023

- Created and maintained the club for better tech literacy and education.
- Responsive for overall maintenance of the organization.
- Supervised and helped in development of the site.
